UMALUSI

Council for Quality Assurance in
General and Further Education and Training
South Africa

6 9 6 8 1 4 7

(See reverse for more information)

Umalusi, the Council for Quality Assurance in General and Further Education and Training, introduced a new certificate format with effect from 1 March 2009 for the National Senior Certificate.

The following certificates are issued exclusively by Umalusi:

- National Senior Certificate
- Subject Statement (National Senior Certificate)

Each certificate bears the following security features:

- When held to the light, the paper contains the Umalusi watermark;
- When looked at through a magnifying glass, the border displays the name of the Council continuously;
- It has a barcode, which matches the certificate number,
- It has a specific certificate sequence number ; and
- The national coat of arms appears on top of the document.

The National Senior Certificate is registered at Level 4 on the National Qualifications Framework.

Promotion requirements for the National Senior Certificate

A candidate is required to:

- Achieve 40% in three subjects, one of which is an official language at Home Language Level;
- Achieve 30% in three subjects; and
- Provide full evidence in the school-based assessment component in any single subject failed.

A certificate, which has its own promotion requirements, may be issued to candidates identified as having special educational needs.

In higher education, institutional and programme needs may require particular combinations of recognized NSC subjects and levels of achievement.

The certificate is issued with the personal details of the candidate as registered during the writing of the examination.

Achievement level for the National Curriculum Statement (NCS) Grades 10-12 (General)

Umalusi uses the seven-level scale of achievement to record a candidate's performance:

Achievement level	Description of competence	Marks (%)
7	Outstanding	80 – 100
6	Meritorious	70 – 79
5	Substantial	60 – 69
4	Adequate	50 – 59
3	Moderate	40 – 49
2	Elementary	30 – 39
1	Not achieved	0 – 29

* Certain subjects, identified on the certificate by an asterisk before them, are examined by other assessment bodies. These may have a level of achievement that is different from the NCS one, given above. No indication of level of achievement is therefore printed for these subjects.

+ *Mathematics: Probability, data handling and geometry* is an optional paper that is reflected on the certificate. It is not included in the Mathematics mark, nor does it have the status of an extra subject. It is separated from the subjects by a stippled line.
